Connect with the New England QIN-QIO:

The Center for Health Information and Analysis (CHIA), Massachusetts Health and Hospital Association, Massachusetts Coalition for the Prevention of Medical Errors, and New England QIN QIO have partnered up to offer a webinar series on leveraging data reports to drive quality Improvement.

Join us on **April 28th** and **May 4th** as we explore how to interpret and utilize available data reports to drive your hospitals readmission reduction quality improvement efforts. Our first session will focus on **CHIA's All-Payer Hospital Specific report** and the second will focus on **the NE QIN-QIO's Medicare, Fee for Service Hospital Specific report**. We will also highlight how Lowell General hospital has utilized the QIO reports to drive their readmission improvement activities.

Upon completion of the series, participants will be able to:

- Leverage data to drive improvement and change within their facilities
- Identify available data reports
- Read and interpret the data
- Identify and implement quality improvement activities based on data report
